### **§ 1007.3 Route disposition.**

See § 1000.3.

### **§ 1007.4 Plant.**

See § 1000.4.

### **§ 1007.5 Distributing plant.**

See § 1000.5.

### **§ 1007.6 Supply plant.**

See § 1000.6.

### **§ 1007.7 Pool plant.**

*Pool plant* means a plant specified in paragraphs (a) through (d) of this section, a unit of plants as specified in paragraph (e) of this section, or a plant specified in paragraph (h) of this section, but excluding a plant specified in paragraph (g) of this section. The pooling standards described in paragraphs (c) and (d) of this section are subject to modification pursuant to paragraph (f) of this section:

(a) A distributing plant, other than a plant qualified as a pool plant pursuant to paragraph (b) of this section or § \_\_\_\_\_.7(b) of any other Federal milk order, from which during the month 50 percent or more of the fluid milk products physically received at such plant (excluding concentrated milk received from another plant by agreement for other than Class I use) are disposed of as route disposition or are transferred in the form of packaged fluid milk products to other distributing plants.

At least 25 percent of such route disposition and transfers must be to outlets in the marketing area.

(b) Any distributing plant located in the marketing area which during the month processed at least 50 percent of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) into ultra-pasteurized or aseptically-processed fluid milk products.

(c) A supply plant from which 50 percent or more of the total quantity of milk that is physically received during the month from dairy farmers and handlers described in §1000.9(c), including milk that is diverted from the plant, is transferred to pool distributing plants. Concentrated milk transferred from the supply plant to a distributing plant for an agreed-upon use other than Class I shall be excluded from the supply plant's shipments in computing the plant's shipping percentage.

(d) A plant located within the marketing area that is operated by a cooperative association if pool plant status under this paragraph is requested for such plant by the cooperative association and during the month at least 60 percent of the producer milk of members of such cooperative association is delivered directly from farms to pool distributing plants or is transferred to such plants as a fluid milk product (excluding concentrated milk transferred to a distributing plant for an agreed-upon use other than Class I) from the cooperative's plant.

(e) Two or more plants operated by the same handler and located within the marketing area may qualify for pool status as a unit by meeting the total and in-area route disposition requirements specified in paragraph (a) of this section and the following additional requirements:

(1) At least one of the plants in the unit must qualify as a pool plant pursuant to paragraph (a) of this section;

(2) Other plants in the unit must process only Class I or Class II products and must be located in a pricing zone providing the same or a lower Class I price than the price applicable at the distributing plant included in
